PROFILE SUMMARY

I am a second-year Artificial Intelligence and Data Science student with practical experience in Python, data analysis, and machine learning. As an intern at CodeAlpha InfoTech, I had contributed to real-world projects such as web scraping, data visualization, and sentiment analysis, demonstrating strong problem-solving skills and a keen interest in data-driven applications.

EDUCATION

- 2024 - 2028
KINGS ENGINEERING COLLEGE
 - Artificial Intelligence & Data Science
 - CGPA - 8.5
- 2023 - 2024
GOVERNMENT BOYS HIGHER SECONDARY SCHOOL
 - HSC

WORK EXPERIENCE

- Codec Technologies Pvt. Ltd JUN 2025 - DEC 2025
Data Science Intern
 - Worked on real-world data science tasks including data collection, preprocessing, analysis, and visualization.
 - Applied Python-based data analysis techniques to extract insights from structured datasets.
 - Assisted in building and evaluating machine learning models for practical problem statements.
 - Strengthened understanding of data-driven decision-making, analytical thinking, and problem-solving.

SKILLS

- Project Management
- Clean Coder
- Teamwork

PROJECTS

Sentiment Analysis

- Developed a Sentiment Analysis system to analyze textual data and classify opinions and emotions using data-driven techniques.
- Performed text preprocessing including tokenization, cleaning, and feature extraction to improve model accuracy.
- Applied Python-based data analysis methods to interpret sentiment trends and insights from text datasets.
- Strengthened skills in analytical thinking, data interpretation, and problem-solving through practical implementation.

Skills & Tools Used:

- Sentiment Analysis
- Text Processing / NLP
- Data Analysis
- Python Programming

LANGUAGES

Programming

- PYTHON
- JAVA
- SQL

Communication

- English: Intermediate
- Tamil: Fluent
